

Communicate, Collaborate, Evaluate and Decide with

The Onset Assistant™

“When a picture is shared to discuss the creative, better decisions are achieved.” - Brian Sharp, CEO Onset

Plug and play:

- ✓ Creative communication
- ✓ VPN encrypted wireless monitoring anywhere, anytime
- ✓ Still frame capture and storage

Live monitoring saves time and money

- *Crew identifies issues in the frame ⇒ Saving time and costly reshoots*
- *Set Dec evaluates the placement of props ⇒ Saving DP conversations*
- *Script Supervisor checks continuity ⇒ Saving Director conversations*
- *DIR & DP live stream from set ⇒ Enabling off-set collaboration*

“Every conversation I have with someone is about solving a problem and moving the production forward. The Onset Assistant saved me from being involved in many conversations as the crew was using the system to solve their own issues, which by proxy, saved the company time.”

- Luke Miller, DP, “Grace and Frankie” season 7 - Netflix
